

Summerhouse by Navigate™

Introducing Portofino, our brand-new collection of summer living products that capture the vintage era of La Dolce Vita on the Italian Riviera.

Our beautiful handwoven baskets fill the space for higher quality, must have summer items that deliver superior performance with a nostalgic design.

The range is complimented with unique tableware pieces that set the scene for drinking and dining to create that perfect Mediterranean tablescape.

The centrepiece of this stunning collection is our scalloped edged blanket with its lightweight design and stowaway duffle bag which we believe makes it the ultimate laydown this summer.
